## **ACADEMIC EXPERIENCE**

---

### **Indiana Wesleyan, University**

*Professor, DNP Program*

Serves as faculty member within the DNP Program at Indiana Wesleyan University. Responsible for leading and teaching doctoral coursework and contributing to the development of and continuous improvement within the Division of Nursing. Actively cultivates a collaborative academic environment that fosters student achievement of learning outcomes and advances nursing knowledge and practice.

### **Chamberlain University**

*Professor, Curriculum Coordinator, MSN Program*

Created, implemented, and evaluated coursework for MSN students. Provided leadership to the MSN population health track; responsible for the MSN program systematic program evaluation plan. Served as the curriculum coordinator for the MSN program, faculty mentor, chairperson of the Academic Assessment Committee and Program Curriculum Subcommittee. Recipient of the DAISY Award for Nursing Faculty, May 2022 and the Faculty Distinction Award, July 2023.

### **University of Saint Francis**

*Associate Professor, RNBSN Program Director*

Provided administrative leadership to the RNBSN program and served as course coordinator for population health related coursework across RNBSN and MSN programs. Facilitated leadership and capstone coursework. Created Prior Learning Assessment processes and procedures to support RNBSN student success; engaged in academic service through committees and advisory councils within the School of Health Sciences.

### **Rush University College of Nursing**

*Adjunct Associate Professor, DNP Program*

Served as adjunct professor to provide critical review of DNP student projects in the systems leadership and population health areas of study.

### **Averett University**

*Contracted for Course Development*

Designed health policy coursework for the RNBSN program, including didactic and practicum learning experiences.

**Indiana Wesleyan University**

*Assistant Professor, RNBSN Program*

Provided curricular leadership to capstone and population-focused health courses. Additional teaching areas include perspectives in poverty, health assessment, transcultural nursing, and parish nursing coursework. Created and implemented opportunities for virtual meetings with adjunct and affiliate faculty members to support engagement with full-time team members. Collaborated with colleagues on curriculum redevelopment, course development, and accreditation endeavors within the RNBSN program. Engaged in service to the university through academic committee and task force endeavors within the College of Adult and Professional Studies and the School of Nursing.

**Ashland University**

*Professional Instructor, RNBSN Program*

Provided clinical and didactic education in the RN to BSN program; served as lead instructor for the health assessment and community/public health courses; responsible for design, development and implementation of online and hybrid courses in nursing theory, systems leadership, health assessment, and community/public health. Served on university and program committees and cultivated clinical partnerships with public health departments across northeast Ohio.

**Hawaii Pacific University**

*Visiting Assistant Professor, BSN Program*

Provided clinical education for students in the Fundamentals of Nursing course at the sophomore level. Responsibilities included didactic and clinical instruction and integration of students in community health promotional activities with maternal child populations. Actively engaged in committee service across the university.

**University of Alaska Anchorage**

*Visiting Instructor of Nursing, BSN Program*

Responsible for teaching the seminar and clinical components of Community Health Nursing I and II to senior-level baccalaureate nursing students. Established and maintained clinical partnerships with public health and community-based agencies; responsible for oversight of student-led health promotional projects. Actively participated in university committee and nursing work groups.

**Valdosta State University**

*Instructor, BSN Program*

Responsible for clinical and didactic elements of the pediatric and family health nursing courses in the baccalaureate nursing curriculum, including hospital-based and public health experiences. Provided oversight of student-led community health promotion projects and actively engaged in service to the university through governance committee membership.

---

**CLINICAL PRACTICE**

---

**Christian Community Healthcare**

*Volunteer Registered Nurse*

*Fort Wayne, Indiana*

Serve as volunteer nurse providing direct care to clients seeking primary care services through the clinic. Collaborate with clinic providers and staff to provide resource referrals and patient education to support health outcomes.

**Wabash County Hospital**

*Project Manager, Community Health Assessment, Planning*

*Wabash, Indiana*

Collaborated with hospital leadership and community stakeholders to meet the Patient Protection and Affordable Care Act (PPACA) community benefit mandate for Wabash County Hospital. Facilitated intersectoral partnerships in the assessment of community health needs, increase access and capacity for care, and reduce health disparities within the county. Special focus on the needs of prenatal and post-partum women, as well as newborn and children ages birth to three.

**Mansfield-Ontario-Richland County Health Department**

*Public Health Nurse*

*Mansfield, Ohio*

Developed and implemented health promotion and disease prevention programs for vulnerable populations across the county. Conducted immunization and flu clinics, adult health screenings, community health assessments, school health, and public health nursing services for prevention and control of health concerns.

**Ashland Christian School**

*School Health Nurse*

*Ashland, Ohio*

Provided school health services / screenings for students (grades K-8). Duties included health screening, health promotion and education, direct care, and coordination of health services for children with special needs and their families, and faculty/staff health education programming.

**Catholic Charities, Help Me Grow, Ashland County**

*Registered Nurse*

*Ashland, Ohio*

Conducted newborn and postpartum assessments in the home through the Help Me Grow program; provided breastfeeding support, case management, referral, and education services to clients and families in need.

**Ashland County-City Health Department**

*Registered Nurse*

*Ashland, Ohio*

Provided public health nursing services in the vaccination and well-child clinics.

**Kno – Ho – Co Ashland Health Services Clinic**

*Registered Nurse*

*Ashland, Ohio*

Provided prenatal and parenting education as well as lactation support for clients; conducted well-child health assessments; assisted in the development of policies and protocol; implemented quality assurance activities within the child and family health program on a part-time basis.

**Kapi'olani Medical Center at Pali Momi**

*Nurse Educator*

*Aiea, Hawaii*

Coordinated nursing education, as well as competency-based skill development for the Patient Care Services department. In addition, provided leadership to community health promotion and educational activities targeting low-income moms and babies as the recipient of care.

**Booth Memorial Family and Youth Services**

*Maternal Child Health Nurse Specialist*

*Anchorage, Alaska*

Responsible for coordinating and teaching prenatal, childbirth, breastfeeding, and parenting courses to childbearing and childrearing families in a culturally diverse environment. Provided case coordination, referral services, and individual instruction to teens and at-risk clients. In addition, collaborated with administration regarding program development, marketing, and community education.

**Municipality of Anchorage**

*Public Health Nurse*

*Anchorage, Alaska*

Provided public health nursing services to a caseload of up to 40 families experiencing actual or potential health problems regarding maternal-child issues. Services included home visits for prenatal, postpartum, and newborn clients, families with parenting needs, children with special health or developmental needs, and case management for those clients/families. Provided lactation support in the home and conducted well-child health assessments to clients in the Anchorage community. Acted as an agency preceptor to baccalaureate nursing students.

### **Comprehensive Developmental Services**

*Lead Nurse, Clinical Evaluation and Family Support Team*

*Valdosta, Georgia*

Conducted developmental assessments for children at risk for or experiencing actual developmental delays; responsible for all cases within a 10-county region in southern Georgia. Provided individualized family education and support regarding early needs of developmentally challenged children. Provided case management services, home visits, and health screening for children identified at risk.

### **Moody Air Force Base Hospital**

*Registered Nurse*

*Valdosta, Georgia*

Provided care to families in the labor and delivery, postpartum, and nursery; led family educational programs to support prenatal, childbirth, postnatal, and maternal-infant health.
