	Social/Behavioral Sciences	3	BHT 101 Introduction to Behavioral Health
	Mathematics	3	
	Natural Sciences	3	
	Arts and Humanities	3	
Total Credits		60	15

*Gen Eds may be met by applicable military training, previous college-level education, credit through testing, etc.

A thorough evaluation of JST, CCAF transcripts, and all other prior college-level learning will be completed upon application to IWU. Students may also request an unofficial evaluation of their JST or CCAF transcripts prior to applying, so that they have a clear understanding of how their military credits will transfer to IWU.

A minimum of 15 semester credit hours must be successfully completed at IWU for the award of an IWU Associate of Science degree.

A total of **60 semester credit hours** are required to graduate with an Associate of Science degree at IWU. Electives required to reach 60 credits may come from military training, previous college-level education, credit through testing, or taken at IWU.

*Transfer guides are produced as a service to prospective IWU students. Every effort is made to maintain up-to-date and accurate information; however, this information is subject to change. Such changes take precedence over the information on this guide. Students should work with their current advisor and an IWU advisor. Responsibility for complying with all applicable requirements ultimately rests with the student.
